

### **Re-uploading of RRs**

While processing the freight claims, it is observed that the Railway Receipts (RRs) have been wrongly uploaded by some companies. So the companies are requested to check their RRs and upload the correct RR wherever required. For this purpose, we are opening the months for re-uploading the correct RRs from June'16 to Mar'17 for 10 days. All companies are requested to close the month after re-uploading the RRs. Format of RR to be uploaded should be in pdf format only. Rename the file in case you are re-uploading the RR.

This may be done on priority. This has the approval of DIR(FA)
